

Video and Computer Analysis

A perfect way to really see what your swing looks like and to observe continued improvements. All the top golfers in the world use computer analysis to improve their swings. Club golfers can now access the same technology. Using the best in swing analysis software "Swinger Pro" is used by the best coaches in the world.

Features of the system include:

- Slow motion playback and printouts.
- Swing comparison between yourself and PGA Tour players
- Saving your swing to file for future comparison and analysis.
- Take home CD of your swing
